## Style Makeover

### Your Dedicated Style Partner

A complete style transformation—guided, supported and entirely personalised. This immersive experience takes the overwhelm out of overhauling your wardrobe, with expert guidance every step of the way.

We begin with a one-on-one style consultation, followed by a wardrobe edit, personalised shopping experience and a styling session to seamlessly integrate new pieces with what you already own. Together, we build clarity, confidence and a wardrobe that truly reflects you.

Think of it as having a dedicated style partner, keeping you aligned, on track and evolving with ease.
